

Having furnished our Jobbing Department with the latest styles of type, presses, &c., a large quantity of second-hand material has been thrown out to use, most of which would be suitable for a country printing office, which will be sold very cheap to make room for new improvements. One large size hand-press, in good working order; one 100 and 150 gal. in good order; a lot of metal and wood type cases, galleys, and other material. We have a large quantity of pretty good body type, suitable for a country press, which can be bought at a fraction over the price of old material. Address, HARNEY, HUGHES & CO., Merchants Office.

TO THE PUBLIC.

The subscribers beg to announce that in view of the increasing demand in this city, and in the south and southwest, for JON PUNTING, we have refitted and renewed our JOHNNY DEPARTMENT with the best and latest machinery and newest styles of type and fixtures, to be found in this country; and in addition to the above increased facilities, we have secured the best workmen in all the departments, and labor ourselves as well as our patrons with the hope of producing printing equal to any house in this country. Our special facilities for executing Railroad, Steamboat, Insurance Blank work, Bills of Lading, Bill-heads, Checks, Cards, Draft Receipts, Letter Headings, Legal Blanks, Labels, Labels, Notes, Drafts and every description of letterpress printing, are unsurpassed.

We have also added a large poster press and secured the best and latest styles of poster type, with the intention of making that a specialty in our establishment. We will execute, in splendid variety, those magnificent posters which exhibitors have had to import in order to create a favorable sensation for their peculiar exhibitions. In fact, there is no class of Job Printing but will come within our resources, and we challenge comparison with any job printing establishment in our country. Our prices will always be moderate.

HARNEY, HUGHES & CO.

Claude Summers, who has heretofore been the river and commercial reporter of the Democrat, will hereafter devote his entire attention to the local department, embracing court proceedings, &c. Local matters of interest transpiring in our city reported to him will be a favor to ourselves which we will duly appreciate.

HARNEY, HUGHES & CO.

Mr. Jacob B. Maynard will hereafter report the markets, and look after the commercial department of the Democrat. We bespeak for him the kind attention of our friends in matters relating to the commercial interest of our city. Louisville news fuller and better reports of the markets than have heretofore been supplied, and we shall aim to make this a feature in the Democrat of greater value to all looking to this market for anything they have to buy or sell.

OUR COURTS.—According to the late law there will be a new court established in our city, to be called the Court of Common Pleas, which holds its first session on the fourth Monday in September. At this time the appearance docket will be called, while the call of the trial docket will not take place until the second Monday in October. In the court the civil cases which have hitherto been tried in the Circuit Court will be decided. The Judge is P. B. Muir, and the Clerk, James P. Chambers.

The regular fall term of the Jefferson Circuit Court will commence on the first Monday in September, Geo. W. Johnston presiding. J. R. Dupuy, Commonwealth's Attorney, and James P. Chambers, Clerk. The docket in this term is a heavy one. Witnesses who have been heard by the grand jury had better be punctual in their attendance on Monday next.

The Louisville Chancery Court, after a recess of a few months, will recommence on Friday, September 8. During the recess of the court Chancellor Pirle has been absent on a visit to the East.

We stated yesterday morning that the young woman, Barbara Roselle, who attempted to commit suicide by drowning herself in the river Saturday, left the Franklin House because she was afraid she would be turned out doors for not paying her board. The proprietor of the Franklin House informed her before she left that she could stay as long as she wished and he would not ask her for a cent. In fact, he did everything he could to make the unfortunate woman happy during her stay. When she left the house she left some clothing and jewelry to pay for the time she had stayed there, but all her efforts have been returned to her.

We noticed a couple of young bloods on Main street, behind Floyd, yesterday, in a fair way to get whipped by somebody, or put in jail. They were drunk enough to suppose the sidewalks belonged to them, and run against every one whom they thought wouldn't knock them down for their impudence. Each of them "had a week's wages" in him.

A citizen was robbed on the corner of Marshall and Clay streets last night, between the hours of 8 and 9 o'clock, by some soldiers of 185. The citizen's name is Joe Albany, who had a child in his arms at the time, and they quietly proceeded to search him and carried off the amount named.

Mr. Watts, a conductor on the city railroad, who was shot in a street encounter on Saturday morning by Bassett, another employee on the road, died yesterday from the effects of the wound. We gave the particulars of the encounter in yesterday's issue.

DARING ATTEMPT AT ROBBERY.—At an early hour Saturday morning a party of thieves broke into the residence of Waters & Fox, on Main street, between Ninth and Tenth. There is a private policeman, but he had that night, from some cause, left with permission and gone to his home. The robbers, who were evidently familiar with the place, knowing that he was absent, sought this as the proper time to rob the safe of the office. They entered through the front door, and by the means of a light ladder the lock of the safe was broken, and the contents of the safe were taken. Our city is now being overrun with professional thieves, who have been playing their vocations in other cities, and believe our police to be extra diligent, and place in custody all suspected characters who may touch our wharf.

WOOD'S THEATER.—OPENING NIGHT. This popular place of amusement, after having been closed for the summer months, will open this evening with the great Zoufista troupe. During the time that this theater has been closed it has undergone a thorough overhauling from pit to dome, and has been repainted and repaired in the most splendid manner, so that one entering it now would not recognize it as the same place that they often paid a visit to last year. The auditorium has been altered, and instead of the old crowded seats in the boxes and galleries, the new arrangement has been instituted. Mr. Foster, the acting manager, is a man well acquainted with the business, and we are assured by him that the first stars of the country will, during the coming season, give the lovers of the drama such entertainments as they have never before witnessed.

The management have displayed taste in opening their establishment with the Zoufista troupe, for they are well-known throughout the country as the best, and most reliable, and we have no doubt that they will nightly have large and fashionable audiences.

THE ABOLITION.—On Saturday morning Mr. McArthur, who claimed to be a member of the 4th Kentucky mounted infantry, was before the police court as a suspected felon, but as he claimed to be a soldier he was sent to the military. This man was caught by Officers Cave and Burk with a box of jewelry, belonging to J. Eastman, in his possession. He was at the McKee Hotel, corner of Seventh and Market, and made several attempts to enter different rooms. After he was sent to the military he made his escape from the Provost Marshal's office under an assumed name. He was re-arrested by Officers Alexander and Lister and turned over to the officers, who placed him in jail.

L. O. F.—Members of the order intending to participate in the celebration of October 12th are requested to meet at the hall on Monday evening, 28th instant, to make preparations. Those who cannot attend the meeting will please send in their names. Quite a number of lodges from the South will be here on the 16th to join the lodges here and go together.

LANE.—We have been shown a magnificent gold hunting-case watch and a splendid gold chain, presented to Captain Othman Taylor, by his young and clever friend Joe Short. Captain Taylor has been a student of law, and is now an instructor in the law. His speech was as follows: "Captain, my watch is a true time as you have been to me."

NEW CHURCH TO BE BUILT.—We understand the trustees of the Fourth Presbyterian Church have already purchased a large lot on Chestnut street, below Preston, for the purpose of erecting a new church. Rev. Mr. Carson is the pastor. We hope soon to see a fine house of worship erected, and one which will be an ornament to that portion of the city.

HEAD TO ANSWER.—In the Democrat a few days since we noticed the arrest of Charles Welch, John McCreight and Charles Williams, alias Price, by Officers Hipwell, Sweeney and Booker, charged with robbing a store in Madison, Ind. These parties were taken to Madison by Officers Sweeney and Booker, where they were held in \$500 to answer.

RE-ARREST OF BASSETT.—On Saturday morning Officer Wm. Hipwell arrested John Bassett, charged with shooting C. Watts in instant kill, and upon motion of the City Attorney, Bassett was discharged. Since that time Watts died, and last night Officer Hipwell re-arrested Bassett for killing Watts.

STRALING A HORSE.—Yesterday a man by the name of Straling offered for sale at the stable of Mr. Fields, on Sixth street, a fine horse for a small price. Officer Joel Lambourne happened along, and the statements of the man were so contradictory that he was arrested.

A late hour John Mitchell, Ralph Calver, Martin Feltow, James Miller and W. Welch, who had lashed too freely of tongue and with horse-head, made night hideous with their noise, for which offense they were incarcerated in the city prison.

ROBBERY.—During Friday night the boarding-house of Mr. Deven, on Fourth street, between Main and the river, was entered, and one of the boarders, George Sutter, robbed of a lot of clothing, a watch, &c.

Chas. H. Sayles, in the employment of Messrs. L. & G. Bronner & Co., of this city, was severely injured by the railroad accident which occurred Friday last on the Nashville and Alabama railroad, near Columbia, Tenn.

The "Pickwick boy" of the Provost Marshal's office has returned from his home in Hoosier. His face looks as sick as a peeled onion, and his eyes as bright as two new silver three cent pieces. He has been well taken care of.

General Court Martial Orders No. 74.

Before a general court martial convened at Lexington, Ky., May 8, 1865, by virtue of a special order, No. 64, paragraph 2, dated May 4, 1865, and special orders No. 85, paragraph 9, dated May 10, 1865, and No. 100, paragraph 1, dated May 15, 1865, the following were arraigned and tried:

1st. Jasper N. Joyce, corporal, company F, 33d Kentucky Infantry, charged with desertion. James McDonald, company F, 33d Kentucky Infantry, charged with desertion. Cyrus Munson, company F, 33d Kentucky Infantry, charged with desertion. James McDonald, company F, 33d Kentucky Infantry, charged with desertion.

2nd. Here is another account of an attempt to injure General Grant. Under the pretext of shaking hands with him at Elgin, while being cheered by the crowd, a person approached in a plain farmer's garb, seized the General by the hand and tried to jerk him from the platform, at the same time twirling his arm with great violence. Colonel Babcock, who was standing on the steps below to protect the General, saw this, and with a heavy cane, and at the same time seized him by the throat, and disengaged his frightful grip. The rascal suddenly disappeared in the crowd. The General was more excited by the occurrence than he was ever known to be before, and his hand showed traces of the vice-like grip of the sound-trail.

The grand jury of Campbell county, Kentucky, now in session at Alexandria, has reported twenty-three indictments against John W. Florer and George Herndon, who acted as officers of the election at the Carthage precinct, on the 7th of August, for refusing to allow certain persons to vote. Messrs. Florer and Herndon, we understand, acted by authority of Capt. J. H. Denin, of the 53d Kentucky, in excluding voters on the day of election.

The latter officer furnished the judges of the election at the Carthage precinct with a list of names, who, under General Palmer, he said, were not entitled to vote, and he instructed the judges not to allow them to vote, saying that if they did he would arrest them, as well as the "proscribed" voters.

The abolition mob law orators are beginning to find that the challenge they have for three years been offering Democrats may be forced upon themselves. At a Republican Convention, Bowling Green, O., on the 12th, the Republican nominee for representative was attacked by a crowd of soldiers who had some grudge against him, and chased him all over the town. He finally managed to mount a horse and escape, or he would have been fired roughly at the hands of the enraged soldiers.

The number of battles fought during the late war was two hundred and fifty-two. Of these the soil of Virginia drank the blood of eighty-nine, Tennessee witnessed thirty-seven, Missouri twenty-five, Georgia twelve, South Carolina ten, North Carolina eleven, Alabama seven, Florida five, Kentucky fourteen, the Indian Territory and New Mexico seven. Once the wave of war rolled into a Northern State and broke in the great billows of Gettysburg. Of the battles enumerated sixteen were naval achievements.

The talented son of the President of the United States, Colonel Robt. Johnson, is in the performance of special duty at the military post at Fort Johnson, Mo. He is an infantryman, Col. Johnson is eminently a representative man, of fine abilities, and of the peculiar political school and type which has given him honored father such high and deserved fame. Col. Johnson will be a most valuable aid to the President in the position he has consented to occupy.

CHICK IN MINNESOTA.—The St. Paul Press of the 18th has crop reports from various sections of Minnesota, all of which shows an encouraging prospect. The injury done the growing crops by the late storms was not nearly as great as was reported, and the prospect for an abundant yield of all kinds of grain is flattering in the extreme. Farmers are busy with their harvests now, and if the weather continues favorable for a week or two longer, the grain will be taken in safe.

PROGRESS.—It is expected that the cars on the Memphis and Charleston railroad will, on and after next Saturday, run through to Corinth, from whence it is supposed there will be no difficulty in running as far as Juka. The completion of the road even as far as Corinth will carry to Memphis a large amount of trade that would otherwise go North.

PROFITABLE WHALING.—The best whaling voyage on record has been made by the bark Pioneer, of New London, which sailed June 4, 1864, for Hudson's Bay. She has been heard from at St. John's, Newfoundland, with 1,800 barrels of oil and 300,000 pounds of whalebone, the whole cargo being worth about \$150,000, of which at least \$100,000 is profit.

MANUFACTURE OF CIGARS IN CONNECTICUT.—By the late census reports the manufacture of cigars in Connecticut is exhibited as follows: Number of establishments, 20; capital insured, \$78,590; cost of material, \$20,504; expenses, 258 cents per 100; value of product, \$109,008; value of product, \$502,484.

Ten thousand acres of land have been leased to negroes in the vicinity of "Pickensburg" the present year. There are two hundred and fifty or three hundred negroes, and most of them have formed partnerships with Northern men to procure the means of stocking and farming their lands.

Among the heavy income men of St. Louis, the largest tax-payers are John J. Roe, \$170,541; Henry and Edgar Ames, each \$238,400; Francis Whitaker, \$173,100; Randolph Allen, \$136,568; R. J. Litch, \$122,553; John H. Lunderman, \$171,917; Alex. H. Smith, \$129,203, and John G. Copelin, \$100,222.

A Canada paper tells the story of a young lady that, after being out huckle-berrying all day, found, when she was dressed for the night, a snake about 20 inches long, entwined about her waist! She was so frightened that she ran to her mother, and she found her there in a querry.

A destructive fire occurred in Quebec on Friday morning last. Seventy-two houses were burned, and fully one hundred families rendered homeless. A large portion of the populous suburb of St. Roche's was laid waste.

General James C. Yeatch, recently in command at Shreveport, La., has resigned. He has been in the service of the Government for a long time, and has been a fine fortune during the war, and will resign.

Thos. Tristram, was shot and instantly killed by his brother, Richard Tristram, in New York, on the 5th inst. The latter has recently been discharged from an artillery regiment.

New York, August 26.

The Alta California, of San Francisco,

of the morning of the 24th inst., has been

rescued by private land, it contains the

following under the head of "Important

Intelligence," dated August 24th, 1865.

San Francisco, August 26.

The steamer Brother Jonathan struck a

sunken rock off St. George's Point, and

on the 24th inst. lost over 1300 men.

All on board were lost, except

seventeen persons, including three children.

Boats have gone to the rescue, but

there are no hopes of recovering the ship

and three boats were left on board.

Lovers.

We give up all hope. We saved a few

more passengers.

New York, August 26.

The Commercial's special says the President

will probably order the release of

Alexander H. Stephens, of Georgia, in

Washington on business connected with

the reorganization of that State.

General Lee will sail tomorrow for the

provisions of the recent order to leave

the country.

New York, August 26.

Ed. H. Ketchum was arrested yesterday

evening at a home in West Street. He

has not been out of the city. He had an

interview with his friends and

victims and his father. The creditors

will meet next week for a statement.

The first trial of the case is today

at New Orleans. The steamer

Guiding Star brought 3,300 bales of cotton

from that port.

Washington, Aug. 26.

Pres. Ketchum is in town. It is predicted

by certain leading politicians from New

York that other changes are to take place

soon.

Among the crowd of applicants for

the pardon of the President's house

Thursday, August 26th, was a

letter to the President from a

discouraged politician. It was as follows:

"The letter was from a man who was

not possessed with \$500, which he

understood was necessary to obtain such a

decree, and that he was a man who

grant the pardon. The President said

the letter was a gross insult, and the man

was conducted to the door."

Boston, Aug. 26.

The statistics of the Boston postoffice

for the fiscal year ending June 30, 1865,

show a net profit of \$18,500 for the

Government.
